

MetroSHAKE®

A design to suit any architecture.

Metro's stone-coated Galvalume® steel roof comes in uniquely designed profiles to suit any home. They can withstand hail, rain, snow, fire and wind, all while providing greater long-term savings and peace of mind. Metro panel profiles are available in a select highly reflective color range that meets Energy Star® requirements. The Metro Shake, Tile & Roman designs can be installed on battens or direct to the roof deck, providing a minimum ¾-inch air space beneath the panels, and Above the Roof Sheathing (ASV), for a really cool roof, that meets the stringent California Energy Code (Title-24) for 2011 and beyond.

**MetroSHAKE®
in Weathered Timber**

A Company You Can Trust

Metro roof panels are backed by a 50-year limited warranty to stand against the elements. We know that installing a new roof isn't the end of the story. Your satisfaction is ultimately our success. Our warranty serves as a reminder that we're building a relationship – and relationships take time. At Metro our philosophy is pretty straightforward – listen to the customer, design to meet the needs, manufacture to the highest quality and back it all with the best warranty in the business! We take pride in our products and it shows – everywhere a Metro roof stands!
